## MANUFACTURING IS THRIVING IN YANKTON!

**MANITOU**  
GROUP

We are excited to announce the Manitou expansion which will include 65,000 sq ft of additional production space which equates to a \$30 million investment in Yankton. Manitou, based in Ancenis, France, is making significant investment in their North American market. They are looking to grow their Yankton workforce in 2023 by 50 employees skilled in the areas of welding, robotics, assemblers, maintenance technicians and purchasers. Please congratulate local plant manager, Greg Huus, on this significant accomplishment. Thrive would also like to thank the City of Yankton and the SD Governor's Office of Economic Development for their continued partnership to grow Yankton's economic footprint.
