The 988 Suicide & Crisis Lifeline is coming to South Dakota. And there is tremendous need, given:

- In 2020, the U.S. had one death by suicide every 11 minutes.
- For people ages 10-34, suicide is a leading cause of death in South Dakota.
- In South Dakota, there were 84 drug related deaths in 2020.

Behind each of these data points, there are people, families and communities who have been impacted. Yet, in the face of these urgent realities, there is hope.

On July 16, 2022, we in South Dakota will join the rest of the United States in beginning to use the 988-dialing code. 988 will be the new three-digit number for call (multiple languages), text or chat (English only) that connects people to the existing National Suicide Prevention Lifeline, where compassionate, accessible care and support are available for anyone experiencing mental health-related distress. In South Dakota, the 988 Lifeline will be answered by the Helpline Center.
