The Fairfield Inn and Suites by Marriott will have its long-awaited opening late March or early April of this year!

The beautiful new facility, located directly west of Fryn' Pan on 21st St., is three stories and has 72 rooms including five with special handicapped accessibility, 19 king suites, 18 standard kings and 35 double queens. It also features a beautiful breakfast and lounging area, a swimming pool, large fitness center and a conference room that can accommodate groups of up to 36.

Ann Riley, the hotel's general manager, said the process has been long, but definitely a labor of love. "Yankton needed another hotel," she said. "We're so excited to start seeing our first guests and showing everyone what we have to offer. They're already booking. I think this will be a great addition to the Yankton community and, hopefully, it will perhaps attract a few more events."

There will be a grand opening and ribbon cutting event, but that date has yet to be set. Stay tuned for updates!
