Tis' the Season of prepping for the Holidays! And that's exactly what we are doing here at the Yankton Parks, Recreation and Special Events Department. We've officially started to set up for the Holiday Festival of Lights festivities set for Thursday, December 2<sup>nd</sup>. But we're missing just one thing...**YOU!**

Please consider registering your business or organization for the lighted parade. The theme this year is Christmas Around the World. There's no float too small or too big for this type of parade, all you need is LIGHTS and LIGHTS and even MORE LIGHTS! Registration is FREE and easy. Just click this link to register online <https://www.yanktonfestivaloflights.com/read-me>. **Deadline to register is Friday, November 19<sup>th</sup>**. It takes time to put the parade together logistically as we sort through float sizes and get everyone lined up properly, so we appreciate early registrations.

The route will pass by the Yankton Christmas Tree and is a little more pedestrian friendly along Levee/Riverside Dr. You are able to hand out candy or promotional items along the route this year. Please just no throwing or tossing. It is important to note that the entire route will have No Parking. [Click here to view the route.](#)

Parade details, such as your number, line-up time and any other information you may need will be sent out no later than Tuesday, November 30<sup>th</sup>. Thank you for your support and participation. Together we will spread cheer in our community and #lightupyankton!

On Saturday, a federal appeals court temporarily halted the Biden administration's Emergency Advertising Seminar requiring businesses with at least 100 employees to ensure vaccination of their workers or, for those workers who are unvaccinated, masking policies and weekly testing.

However, we do not know how this legal process will eventually playout and we want to ensure everyone is prepared.

The Department of Labor has provided several fact sheets and FAQs, which can be found [here](#). In addition, we hosted a briefing on Friday, which you can re-watch [here](#). We also created an easy-to-digest fact sheet detailing the specifics of the ETS. [Click here to download the fact sheet.](#)
